Experiences

Research Intern at Police Psychological Services Department (PPSD)

March - July 2021

- Worked alongside psychologists in the Operations and Forensic Psychology Division (OFPD)
- Wrote a literature review paper on the importance of information management on police's operational effectiveness and proposed recommendations.
- Poster Presentation presented at the Asian Conference of Criminal & Operations Psychology (ACCOP) 2022
- Conceptualised and designed 8 weekly infographics to help build the resilience of officers
- Conceptualised and designed 3 monthly infographics with themes that focused on a psychological angle specific to Singapore Police Force's context

Collaboration Project with The Psychology Practice

Aims to increase Mental Health Literacy

- Interviewed psychologist from the Psychology Practice in a team of 6, and raised awareness on mental health literacy on Generalised Anxiety Disorder (GAD) among youths in Singapore
- Conducted extensive research and literature reviews about this topic and incorporated them into deliverables
- These deliverables include a video on how to talk to speak to someone with mental illness. a web article. infographic and poster about GAD
- Featured on social media of The Psychology Practice. Singapore Psychological Society. Singapore Children's Society and NP Student & Alumni Services (NP Counselling Care)

Experiences

Collaboration project with the Association of Women for Action and Research (AWARE)

Statistical and Research Methods Module in Ngee Ann Polytechnic

- Surveyed and studied youths' perception of consent in a team of 6
- Conducted survey through Google Forms and pen-and-paper surveys, surveyed a total of 544 youths aged 17 to 25
- Wrote a research report about our findings on gender differences, analysed data through statistical software SPSS
- My team was chosen among 8 teams to produce a simplified report which AWARE used for advocacy work
- Results were posted on AWARE's Instagram page, website and TODAY's news article

School of Humanities and Social Sciences (HMS) Outreach Team

Subcommittee Member of Liaison in Ngee Ann Polytechnic

- Involved in various outreach events (Open House, RED Camp, award ceremony)
- Conceptualised and designed an online game within two weeks for the Open House
- Planned a volunteer activity with Willing Hearts, secured dates and timeslots for 25 volunteers to head down to the Soup Kitchen
- Strengthen communication, and interpersonal skills as I interacted with fellow members, lecturers-in-charge, and the public including secondary school students and parents

Community Involvement

HDB Lively Places and Fund Challenge

3D art mural at Yishun Town Square

- Led a team of four for a project organised by HDB in creating a building project in increasing traction of Yishun Town Square and add vibrance to Yishun
- Reached out to multiple art studios and worked with Mural Lingo to conceptualise a 3D Art Mural together
- Sought out responses from more than 50 residents of Yishun through both face-to-face interviews and Google Forms to find out their preferences for the mural

Youth Expedition Project to Thailand, Chiang Rai

Youth Corps Singapore

- Embarked on a 14-day trip to a non-profit organisation, Development and Education Programme for Daughters and Communities Centre in the Greater Mekong Subregion (DEPDC/GMS), which prevents children trafficking in Thailand, Chiang Rai
- Part of the carnival team and planned games, activities, and presentations for cultural exchange
- Helped out with teaching children aged 3 to 19 basic soft skills, English and Mathematics
- Helped out with the refurbishment of a pavement area in the school
